

TRIPLE “S” INDUSTRIAL CORPORATION

JOB TITLE: Laborer, Fireguard/Confined Space Attendant

JOB DESCRIPTION: Perform manual labor tasks and/or monitor worksite for compliance with terms of permits for general work, hotwork, confined space and other permits. Ensure compliance with applicable Triple “S” Industrial Corporation, client, governmental safety rules, regulations, guidelines and work policies as directed by project supervision.

JOB DUTIES: This will include, but not be limited to, the following duties: General jobsite housekeeping; cleaning office trailers, change shacks, vehicles, lunch areas, and field worksite locations; fueling equipment; erecting/dismantling tarps, windbreaks, fire blankets, etc.; flagging moving equipment on roadways and at worksites. The employee may be expected to perform janitorial duties such as emptying common household trash, cleaning offices and restrooms.

This position may also perform duties of firewatch/confined space attendant and/or bottle watch, provided the employee has been trained to meet the criteria set out in all sections of “Firewatch/Confined Space Attendant. This will include, but not be limited to, the following duties: Reading, understanding and enforcing the terms, conditions, and limitations of permits in his/her area of responsibility. Maintaining visual contact with the workers they are assigned to watch. Maintaining logs for entry/exit into confined spaces. To ensure that all fire fighting equipment in their area of responsibility has all seals and inspection tags filled out and are current and that all fire extinguishers are fully charged and operational. That all fire hoses (if required) are properly attached to fire water source. That the hose has no kinks, leaks, or any other condition that might restrict the flow of water. That the fire hose nozzle is properly attached to the hose and is fully functional. That all firefighting equipment will reach the source of potential fire and that it is within immediate reach of the fireguard at all times. That all spark containment required (i.e. Fire blankets, storm and sewer covers, welding boxes, etc.) are in place prior to the commencement of any hot work as defined by the permit. That any signaling device (air horn, radio, etc.) given to them is operational and immediately available to them at all times. To bring to the jobsite all firefighting, signaling, and spark containment items necessary and to deploy them as required by the terms of the applicable permits. To immediately stop any work that exceeds the terms, limitations, or conditions of the applicable permit. To inform project supervision of any unsafe or potentially unsafe conditions. To monitor his/her work area for any changing conditions that may affect the terms, conditions, or limitations of the permit and to notify project supervision immediately of any such changing conditions. To extinguish any small fires that can be put out without endangering the safety of the employee or others. To monitor air/LEL monitors as required at the worksite. Additionally employee may be assigned other work activities not directly related to firewatch/confined space attendant duties, as job needs dictate. These “other work” activities include, but are not limited to: general housekeeping, moving materials, tools, equipment, etc. to/from worksite, flagging moving equipment, fresh air bottle watch, or other work as directed by project supervision. At no time will an employee be assigned “other work” while performing his/her duties as a firewatch/confined space attendant.

EXPERIENCE REQUIREMENTS: None

SPECIAL QUALIFICATIONS: Must be capable of working from written or verbal instructions given by project management. Must be capable of working in a teamwork-oriented environment. Must be able to read, write and speak the English language sufficiently to pass pre-job safety examinations, to comprehend written and verbal work related instructions, to understand audible and written safety warnings, to communicate safety hazards to fellow workers and supervisors. Must be capable of understanding and communicating to others the terms, conditions, and limitations of all work permits and PPE requirements. Employee must pass firewatch /confined space attendant, bottletest tests as defined by Triple "S" Industrial Corporation and/or the client at a location prescribed by Triple "S" and/or the client, if required.

NATURE OF WORK ENVIRONMENT: Most work will be performed in an outdoor setting or, on occasion, in properly permitted confined spaces. This includes, but is not limited to, refineries, petro-chemical facilities, docks, lay-down yards, equipment yards, storage facilities, tank farms, towers, vessels, heaters, pipe racks, steel structures, fabrication shops (both permanent and temporary), and other related facilities. Employee may expect to be required to work in extreme conditions: heat, cold, rain, high noise, dust, etc. Job requirements may also dictate that the employee be required to work scheduled and/or unscheduled overtime, including holidays and weekends. In addition, some jobs may require working at night. Employees may also be required to work in environments that require the use of fresh air breathing devices, respirators, full chemical suits or other special Personal Protective Equipment.

PHYSICAL REQUIREMENTS: This job typically requires moderate to heavy labor and includes, but is not limited to, heavy lifting (50 – 75 lbs.), climbing stairs and structures, carrying and lifting tools and material by hand, working in confined spaces, at heights over 6 feet above ground level, and in excavations. Employees must not have any condition that would render them unable or unwilling to safely and productively execute their assigned duties. Additionally this position also may require the employee to stand and/or sit in one location for extended periods of time while remaining alert and observant. Also employee may be required to move/set up his/her fire extinguisher(s), fire hose, fire blankets, storm/sewer covers, etc. unaided in an expedient manner, as directed by project supervision.

EMPLOYEE FURNISHED TOOLS: See attached tool list.

EMPLOYEE RESPONSIBILITIES: Employees signature below affirms that the employee understands, agrees to, and will abide with, the following terms:

1. Employee is qualified and willing to perform duties as outlined in the sections titled “Job Description,” “Special Qualifications,” “Nature of Work Environment,” “Physical Requirements,” “Employee Furnished Tools,” “Employee Responsibilities,” and elsewhere.
2. Employee agrees to perform all work and conduct him/her self in accordance with all Triple “S” Industrial Corporation, client, and governmental safety guidelines, and work policies.
3. In accordance with the “Worker Readjustment Act”, the employee acknowledges that he/she is being hired for a temporary construction job. The employee also acknowledges that his/her employment may be terminated at any phase of this project, with or without cause, solely at the discretion of Triple “S” Industrial Corporation or its assigned representative(s).
4. Failure to disclose any condition that would prevent the employee from performing his/her assigned duties is grounds for immediate termination of the hire-in process or employment.
5. I understand and can perform this job with or without reasonable accommodation.
